Summary

As an advanced Data Analytics professional and Machine Learning expert, I excel in leveraging data-driven insights to optimize business processes and drive strategic decision-making. With a proven track record in harnessing the power of advanced analytics and machine learning algorithms, I am dedicated to translating complex data into actionable intelligence that empowers organizations to stay ahead in today's competitive landscape.

My expertise lies in developing and implementing cutting-edge machine learning models and algorithms that extract valuable patterns and trends from large datasets, enabling organizations to make informed choices and gain a competitive edge. I have a solid foundation in data preprocessing, feature engineering, model selection, and evaluation, allowing for the creation of robust, scalable, and accurate machine learning solutions.

Experience

Founder
DeepMindCraft
Aug 2023 - Present (5 months)
https://deepmindcraft.github.io/

BSO(MG10)
Allied Bank Limited
Jun 2022 - May 2023 (1 year)

Data Analyst
Ahsan & Co Chartered Accountants
Apr 2021 - Jul 2022 (1 year 4 months)

Education

The University of Lahore
Master of Business Administration - MBA, Finance
2019 - 2021

Bahauddin Zakariya University
Bachelor of Business Administration - BBA, Banking and Finance
2015 - 2019
